### ROUTE DESCRIPTION - River miles 213 to 156 (57 miles)

Except during floods, the Red River of the North is slow-moving and picturesque with its tree-covered banks and frequent wildlife sightings. It is serene and quiet even as the Red passes through small cities. Reminders of the past are found in the muddy banks where bison bones occasionally are exposed. These muddy banks may make access difficult.

There are no rapids except at some of the dams. Low flows expose rocks and snags creating hazards for motors and occasionally block the channel.

**Note:** River miles are counted beginning at the mouth of the Red River at Lake Winnipeg, Manitoba, and ending at Breckenridge, MN, according to a system developed by the U.S. Army Corps of Engineers. Right (R) and left (L) refer to right and left bank, respectively, when facing downstream.

- 209.2 (L) Hastings Landing.** Trailer access, parking, shore fishing. Short walk to downtown Drayton. 0.5 miles from Hastings Landing - Schumacher Park. Electric and water hookups, dump station, water, restrooms, showers, shelters, picnic tables, tennis court, swimming pool, basketball court, golf course, playground, baseball diamonds. Visit [draytonnd.com](http://draytonnd.com) for more information.
- 207.5 Highway 66/11 bridge.** River level gauge.
- 207.3 Powerline crossing.**
- 204.2 Drayton Dam.** CAUTION: This dam is extremely dangerous with undertows that have caused several deaths. The dam is not marked. There is no identified portage but the ND side (left) has the best elevation for portaging. Downstream of the dam is a popular fishing location. No fishing is allowed within 150 feet of the dam.
- 204.1 (L) Drayton Dam Access.** Trailer access, parking, restroom, shore fishing, primitive camping. For more information and current conditions call 701-454-3590.
